Mr Paul Lazarus,
Amey Rail Ltd

13th November 2016

Dear Mr Lazarus,

A message of Gratitude from Waltham St Lawrence, Berkshire

We understand from John Crane that you are the person responsible for the generous gift of 'Road Closed' signs to our village of Waltham St Lawrence. These were of great use today at our Remembrance Service.

As John no doubt told you, our original request was simply to borrow signs, so I was surprised to find that you had asked for new, collapsible signs to be provided for our future use, long after your site on the edge of the village is vacated and the work on the railway has been completed.

This means, I'm even more sorry not to have been able to thank you in person on behalf of our community. This neighborly act will be remembered, at the very least, on each Remembrance Day for, hopefully, years to come.

Kind regards and thanks again for your generosity.

A handwritten signature in cursive script that reads 'Chris'. There is a small mark above the 'i'.
