He also advised that he had visited the site and followed up by ringing the Case Officer Victoria Gibson to find out if the site was being monitored, her negative response will result in a letter being sent to the Enforcement Department as follows:
 1. Why are there no visible wheel washing facilities on site?
 2. 3 empty vehicles left site in very quick succession at midday today. Could this imply that there are more than 20 lorry movements per day? Concern has also been expressed at the speed of the lorries on various roads leading to the site
